

KapusKasing Signs Letter Of Intent to Option The Daniel's Harbour Zinc Property to Minfocus Exploration Corp.

February 13, 2018 - Kapuskasing Gold Corp. (TSX-V: KAP) (the "Company" or "KAP") announces today it has signed a letter of intent with Minfocus Exploration Corp. (TSX-V: MFX) ("Minfocus") allowing them to acquire a 100% interest in the Daniel's Harbour Zinc Property (72 claims totaling 1,800 hectares), located approximately 10 km northeast from the community of Daniel's Harbour, Newfoundland.

Pursuant to the Letter of Intent (LOI), Minfocus can earn a 100% interest in the Company's Daniel's Harbour Zinc Property from KAP over a two-year period for share and cash considerations, as well as specified work commitments. This includes a total consideration of 10 million Minfocus shares and a work commitment of \$200,000 within the first 24 months. Also, under the terms of the LOI, KAP shall be responsible for the next cash payment of \$10,000 and the issuance of 750,000 KAP shares to the original optionees. Minfocus will then be responsible for the remaining \$40,000 cash payment to the optionees on or before September 9, 2021. KAP shall retain a 1.0% NSR interest, of which Minfocus retains the option to buy back 0.75% of the NSR interest for \$1.5 million within the first five years or \$3.0 million thereafter. Additionally, the original optionees shall retain a 3.0% NSR, which Minfocus shall have the option to buy back 2.0% of that NSR interest for \$2.0 million.

"This agreement will provide KAP shareholders with significant exposure to the advancement of the Daniel's Harbour Zinc Property along with a portfolio of several other Mississippi Valley Type ("MVT") exploration properties within the Minfocus project stable." Commented Jonathan Armes, President of Kapuskasing. "Minfocus has put together a MVT exploration group with experience in both western Newfoundland and British Columbia and management looks forward to the exploration and development of these projects."

Mr. Garry Clark P.Geo, (Exploration Manager and a director of the Company) a Qualified Person ("QP") as defined by National Instrument 43-101, has reviewed the technical content of this release.
